**FISCAL IMPACT STATEMENT**

**LS 6938**

**BILL NUMBER:** HB 1284

**NOTE PREPARED:** Dec 29, 2003

**BILL AMENDED:**

**SUBJECT:** Electronic Devices and Road Signals.

**FIRST AUTHOR:** Rep. Aguilera

**FIRST SPONSOR:**

**BILL STATUS:** As Introduced

**FUNDS AFFECTED:** X GENERAL  
X DEDICATED  
FEDERAL

**IMPACT:** State & Local

**Summary of Legislation:** The bill provides that a person may not use a device to alter the lighting sequence of a traffic control signal, unless the person is a public safety officer responding to an emergency or an authorized technician who is installing, testing, or repairing a traffic control signal. It prohibits the sale of such devices to a nongovernmental entity. The bill also provides that a person who illegally sells or uses a device to alter the sequence of a traffic control signal commits a Class A misdemeanor.

**Effective Date:** July 1, 2004.

**Explanation of State Expenditures:**

**Explanation of State Revenues:** The bill would establish a Class A misdemeanor for using a manually operated mobile transmitting device (MIRET) to alter the lighting sequence of a traffic light or for selling or offering to sell a MIRET to a nongovernmental entity. There are no data available to indicate how many offenders may be convicted of these new crimes.

If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund would increase. The maximum fine for a Class A misdemeanor is \$5,000. Criminal fines are deposited in the Common School Fund. If the case is filed in a circuit, superior, or county court, 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the state General Fund.

If a criminal action, infraction or ordinance violation involves a traffic violation, including this proposed

offense, a highway work zone fee of either 50 cents or \$25.50 is assessed.

**Explanation of Local Expenditures:** A Class A misdemeanor is punishable by up to one year in jail. The average daily cost to incarcerate a prisoner in a county jail is approximately \$44.

**Explanation of Local Revenues:** If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: (1) The county general fund would receive 27% of the \$120 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. (2) A \$3 fee would be assessed and, if collected, would be deposited into the county law enforcement continuing education fund. (3) A \$2 jury fee is assessed and, if collected, would be deposited into the county user fee fund to supplement the compensation of jury members.

**State Agencies Affected:**

**Local Agencies Affected:** Trial courts, local law enforcement agencies.
